

Certificate

We hereby confirm to

YASHO INDUSTRIES PVT LTD
Plot # 2514-2515, Phase IV,
GIDC, Vapi – 396 195.
Gujarat. India.

that the oxidation stabilizer

YAPOX 2200

was successfully tested in the project

Evaluation of No-Harm Properties and Relative Efficiency of Oxidation Stabilizers for Fatty
Acid Methyl Ester as Fuel Component
(AGQM-Project 550_2008_3)
December 2015 – May 2016

The product was tested as follows:

YAPOX 2200 - B1078

In particular, we confirm that the no harm criteria specified in the project report were met and the relative efficiency against 3,5-di-tert-butyl-4-hydroxy-toluene (BHT) was evaluated.

The project report is part of this certificate.
