

**AROMA &
COSMETIC
CHEMICALS**

COMPANY PROFILE

Incorporated in the year 1985, **Yasho Industries** commenced exclusive operations in 1993 for aromatic chemicals. Since inception, there has been no looking back which has resulted in the company **achieving phenomenal development in terms of Quality, Volumes and Customer Satisfaction.**

Yasho's state-of-the-art technology and large-scale manufacturing facility comprises of **Glass and Stainless Steel Reactors** with capacities ranging from 45 - 25,000 litres. It is equipped for manufacture of a wide range of **Specialty & Fine** chemicals such as **Antioxidants, Rubber and Aroma** chemicals.

Sustained focus on **technological upgradation** has helped the company to accelerate it's progress. Yasho specializes in scaling up to meet **customer-specific** requirements .

As a company , we take great pride in contributing to the communities where we live and work, which include environmental concerns.

Research and Development is our core strength. **Continuous Innovation, Process Upgradation and Product Enhancement** complement our vast experience of over 2 decades . Investments in R & D are an integral part of our growth curve.

Endorsed by **Bureau Veritas**, our quality assurance meets the most stringent **ISO 9001:2015** norms. All our AROMA CHEMICALS are **FSSAI, FSSC 22000, HALAL** and **KOSHER** certified. All our COSMETIC CHEMICALS are **KOSHER** certified. Our products find wide acceptance across the globe.

Our state-of-the-art laboratory uses modern quality control methods and sophisticated instrumentation such as **AAS (Atomic Absorption Spectrophotometer), CHNS Analyzer, Differential Scanning Calorimeter (DSC), FTIR, GC, HPLC, UV Spectrophotometer.**

Yasho Industries is the source for Fatty esters and Care, Cosmetics & Toiletries, Flavors & Fragrances and Pharmaceutical segments.

In Personal Care, Cosmetics & Toiletries segments, our Fatty esters like Isopropyl Myristate finds wide applications as Emollients, Lubricants, Solvents, Skin Conditioning and Binding agents in Aerosol preparations, Bath preparations, Colour cosmetics, Deodorants, Fragrances, Hair care, Nail preparations, Perfumes and Skin care.

Our Natural essential / Aroma oils such as Eucalyptus Oil, Clove Oil and its derivatives, Dimethyl Hydroquinone, Cinnamon Oil are widely used in Flavours and Fragrances, Pharmaceutical and Medicinal Products like pain relief, cough & cold preparations. It has also applications in dentrifices and oral care preparations such as toothpaste, tooth powder and mouth wash. They also act as Insect repellents.
